- Member of Mensa

EXPERIENCE

05/2003 – present SoftSerbia IT Outsourcing Kragujevac, SCG
Chief Executive Officer

With one of my friends, also assistant at one of computer science faculties at University of Kragujevac, I founded one of the pioneer offshore outsourcing companies in Serbia. Some of our projects:

www.eFlightSeeker.com

Search for flights all around the world. Development of spider scripts.

www.Immo.ch Largest real estate database in Switzerland. Maintenance. Developing new spider scripts.

www.Date4u.be Belgium dating site. Powerfull match engine. Multilanguage support. SMS messages. Gifts. Advanced Admin.

www.Wifi411.com

Online Wifi location database. Database design. Search. Web based Admin.

www.MadeInSerbia.net

Web directory of products manufactured in Serbia.

For more information take a look at our website <http://www.softserbia.com/>

12/2002 – 05/2003 Piranha New Media Ware, Hertfordshire, UK
Programming Consultant

At the beginning of 2003 I made a contract with Piranha New Media to help them maintain their websites, improve some existing and build some new modules.

www.MatchClick.com, www.DateMatch.com

High traffic scalable dating websites.

www.DatingGold.com

Dating Affiliate program. Statistics. Recurring and payment modules.

04/2002 - 12/2002 AlefBrain Kragujevac, YU
PHP/MySQL Developer

Developing several web applications for AlefBrain.com involved me in complete life cycle of projects: analyzing, design, coding, testing, implementing. Good results on first few projects brought more work so AlefBrain hired more developers and I was given a more important function. I had to allocate responsibilities, coordinate activities and monitor progress and results of other developers. Recognizing consistency as one of most important aspects in professional developing introduced coding standards for developing PHP MySQL applications which resulted in more quality projects, easier to

maintain and debug.

www.PcMasters2.be, E-commerce application

Shopping cart. Multilanguage support. Online payment. Web admin.

www.Food-Online.be, Large B2C application. Advanced search. 3-tier admin. Multilanguage support. Online booking & ordering. News. Polls.

www.Jufmagali.be, Small database driven website.

News. Links. Guestbook. Gallery. Admin.

05/2001 – 03/2002 Nearby IT Solutions Belgrade, YU

Web Developer

During a year of freelancing for Nearby I took part in developing number of various websites for clients in Holland. Some of them were static HTML, but most were database driven and written in PHP or ASP. By the contract signed with them I cannot reference any URL's.

10/2000 – 07/2003 Mathematical Faculty, University of Kragujevac, YU

Teaching assistant

After graduating I stayed at the faculty, to work as teaching assistant, teaching several Computer Science subjects. Good connections with local University give us a great chance to involve best young graduates in our IT outsourcing company.

EDUCATION

2004 - 2005 AQUIT & Steinbeis University Berlin

Project Management Certificate

Quality Management Certificate

AQUIT is a co-operation project between the Steinbeis Foundation Germany and the German organization DEG (Deutsche Investitions- und Entwicklungsgesellschaft mbH) addressing the issue of „Ausbildung und Qualifizierung von IT-Arbeitskräften in Serbien Qualification and certification of potential Serbian IT-experts“.

10/1996 - 10/2000 University of Kragujevac Serbia & Montenegro

Master of Science in Mathematics and Informatics

Coursework included: Computer Architecture, Operating Systems, Algorithms, Programming Languages, Object Oriented Programming, Databases, Informational Systems, Computer Networks, Internet.

In elementary school I won first place at the competition of young mathematicians in city Tuzla three years in a row, 1989, 1990 and 1991. In 1991 I represented my city and took third prize in competition of young mathematicians from whole Bosnia and Herzegovina.

As student I was scholar of city Kragujevac, Serbian Ministry of Education and later of Serbian Ministry of Science. I worked on several faculty projects, including building faculty website and system for displaying exam results on the web. I graduated first in my class, with average mark of 9.09. My post-graduating studies deal with Semantic Web and Intelligent Internet Agents.
